The printer that is in the main office now will be moved downstairs to replace the old one which no longer works, this is shared by the assessors, codes officer, and the Historical Society.

This was read for Highway Superintendent Louie Adragna.

Due to a scheduling conflict, I will not be able to attend tonight's town board meeting. However, I am respectfully requesting approval to order a case 221F compact wheel loader from BEAUREGARD equipment for around \$118,000 we received two quotes, and this company was the most affordable and meets the needs of our highway department.

I plan to pay for this equipment out of the budgeted funds and there will be no net increase to the Highway Machinery Funds

Thank you

Louis Adragna
