

Network Engineering – UPNY
1275 John Street, Suite 100
West Henrietta, NY 14586

CO-LOCATION POLICY

Verizon's co-location policy is as follows:

Verizon encourages and promotes co-location, both by allowing other providers to locate on its towers, and by attempting to locate its facilities on other providers' towers.

Verizon maintains the following requirements for other wireless telecommunication providers who desire to locate on Verizon's facilities:

1. The other provider must pay Verizon appropriate and fair compensation reflecting Verizon's investment in the engineering, legal, construction, material, and related costs for the site and facility;
2. The co-location must be technologically feasible both in terms of radio frequency transmissions and structural integrity of the tower; and
3. The other provider must have a similar policy of co-location for Verizon and its affiliated/related companies.
