SURVEY COMPLETED: 04 NOV 2024 ROBERT M. MARVIN, JR., LAND SURVEYOR

MAP PLOTTED: 21 NOV 2024 LAKE PLACID, NEW YORK 12946-0969

To the Members of the Town of Wilmington Planning Board,

Please accept the enclosed applications requesting approval for the subdivision and lot line adjustments of our family-owned properties per our late Mother's wishes.

Enclosed is a document indicating her wishes that the changes to the property be made, as applied for.

-Susan Martin is wishing to continue with the property subdivision as intended, and indicated on the maps/application as (525 (s).

-Doug Dreissigacker's lot line correction/adjustment follows the land as previously indicated and shown as 54.001 on the maps.

-One update to the division described in Joan's original letter is that her granddaughter, Julia Hough Daby, is no longer seeking a separate lot. The property originally intended for Julia will instead be incorporated into Laura Hooker's property through a lot line adjustment, as shown on the survey map.

This adjustment maintains the intended equitable division of the family property among John, Doug, Patti, and Sue. The adjusted boundary will follow the existing surveyed points shown on the survey map for the area downhill of Laura Hooker's current property

Regarding the lot line adjustments, these are intended solely to be more practical and establish consistent property boundaries within our family's existing property by utilizing old logging/farm/riding trails and roads for property boundaries as indicated on the map/survey and will not affect neighboring properties.

Please see the enclosed Survey, APA approval, and Applications for more information.

We appreciate your time and consideration of our request. If any additional information is needed, we would be happy to provide it.

Thank you for your consideration.

Sincerely,

John F Dreissigacker

Joan E. Dreissigacker Addendum to Last Will and Testament as dated 2016

Joan E. Dreissigacker being of sound mind and body realize these wishes are not certified by an attorney but I am Hoping you will all "respect my wishes" and are aware of these things as we have spoken about these in the past. Since there has never been anything in writing Laura has transcribed my wishes for the future of the lands we all hold so dear and I hope that you will all keep the land in the family. As discussed with you before, below is outlined my wishes in addition to my will which is on file. I have not been coerced into any of these wishes and it is of my own free will that I make my wishes known.

1. Property lines as drawn on Essex County Real Property Tax Map labeled 1 (attached) with addition of designation of property set aside for future use by Julia Hough Daby, Sue Martin, and Doug Dreissigacker.

1a. Property labeled and outlined as 235s. on attached map shall be given to Julia Hough Daby.

2a. Property labeled and outlined as 525s. on attached map shall be given to Sue Martin.

3a. Property labeled and outlined as 100. on attached map shall be given to Doug Dreissigacker extending back to the property line as outlined to the beginning of the lot 660s.

2. Right of first refusal of any sales of land deeded from the original 37.5 acres, as stated in the will regarding sale of adjoining property, shall include all people included as property owners and new gifted property owners as above on the original parcel of land owned by John F. and Joan E. Dreissigacker (37.5 acres).

3. The property included in parcel number 660s. (20.7 Ac) which is the deeded land remaining in Joan E. Dreissigacker's possession, besides the parcels sectioned off and to be given to Julia, Sue, and Doug as indicated above shall remain communal property for the family, and walking/riding property for all property owners of the deeded land. If at some point the house and land are sold, preference to keep the walking trails as communal property is Joan's wish.

RE: Jurisdictional Determination J2022-0833
Tax Map Parcel: 16.3-1-79.002 and 16.3-1-54.001
Land Use Area: Rural Use
Town of Wilmington, Essex County

Dear John and Doug Dreissigacker:

Thank you for your Jurisdictional Inquiry Form, received by the Agency on August 31, 2022.

Agency review indicates that the proposed four-lot subdivision as bona-fide gifts as depicted on the plan received by the Agency on August 31, 2022, and described in the materials submitted, does not require a permit or variance from the Adirondack Park Agency.

Based on wetland maps available for Essex County, there do not appear to be any wetlands on the property. However, please remember that all activities within the Adirondack Park must comply with the Freshwater Wetlands Act, and updated field inspection by Agency staff is the only way to confirm the presence of any wetlands. If you have reason to believe that any wetlands could be affected by the proposal, you are encouraged to contact the Agency to arrange a site visit prior to undertaking the project. Additional information can be found on the Agency's website at www.apa.ny.gov.

Although your proposal does not require Agency approval, please help to prevent the spread of invasive species by ensuring all excavating tools, fill, and other equipment are thoroughly cleaned and that all fill is free of invasive species prior to use on-site. If any portion of the site contains invasives, all construction equipment and vehicles should be thoroughly cleaned prior to moving to other areas. If the proposal will involve any plantings, care should be taken to avoid the introduction of invasive species. Additional information on how to prevent the spread of invasive species in the Adirondack Park can be found at www.adkinvasives.com.

We recommend that you check with Town authorities to obtain all necessary approvals prior to commencing the project.

Please do not hesitate to contact the Agency with any questions.

GIFT EXEMPTION

This is a supplement to the Citizen's Guide, which provides basic information about Adirondack Park Agency regulations.

Pursuant to Sections 809 and 810 of the Adirondack Park Agency Act, certain subdivisions of land within the Adirondack Park require a permit from the Agency. However, §811(1)(c) of the APA Act and §573.4(e) of Agency regulations establish an exemption from these permitting requirements for any subdivision undertaken in compliance with all of the following:

- The subdivision is by bona fide gift, devise, or inheritance, meaning there is no exchange of money, goods, services, or other consideration (and is not part of a common scheme or plan to convey to a party not entitled to an exemption);
- The giver is a natural person (human being or decedent's estate);
- The receiver does not have joint or any other ownership interest in the property;
- If the property does not contain the minimum lot size for the land use area as set forth in §810(2) of the APA Act (or contains less than 42.7 acres in Resource Management)¹:
 - The giver has continuously owned the land since May 22, 1973²,
 - The receiver is a spouse, parent, child, sibling, grandparent, or grandchild of the giver, and
 - There has been no prior subdivision exempted from Agency permitting under these provisions to the receiver of the lot from the same 1973 landholding;
- The property is not located on Low Intensity Use, Rural Use, or Resource Management lands within a designated Wild, Scenic, or Recreational river area as defined in Appendix Q-6 to Agency regulations; and
- The property does not contain wetlands and does not adjoin any other subdivision lot that contains wetlands, unless all of the lots being created as part of the same subdivision meet the standards set forth in §578.3(n)(3)(ii) of Agency regulations.

¹ These requirements may not apply to properties being gifted to the State of New York.

² Names may have been removed from the recorded deed for the lot since May 22, 1973, but no new names may have been added.

RE: The Estate of Joan Dreissigacker

INTERIM INVOICE

John and Doug:

The survey and subdivision have been completed, corner monuments recovered, witnessed, set and located and lines flagged for viewing.

Much record research was undertaken to understand the property history lacking an up-to-date abstract or title report.

Two maps have been drafted, one to show the whole of the existing estate and the second to show the subdivided parcels to satisfy the intentions and understandings of the Estate Settlement, the Adirondack Park Agency Non-Jurisdiction (NJ) determination, and for presentation to the Town of Wilmington Planning Board and subsequent recording in the Essex County Clerk and Real Property Tax Services.

Schedule A's, metes and bounds descriptions, have been drafted for the whole of the Estate and one each for the subdivided parcels which can be incorporated in new deeds or other instruments.

When we can be of further assistance, answer any questions or provide additional information, please give us a call.

Short Environmental Assessment Form Part 3 ***Determination of Significance***

For every question in Part 2 that was answered "moderate to large impact may occur," or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

- ☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
- ☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

Joan E. Dreissigacker Addendum to Last Will and Testament as dated 2016

I Joan E. Dreissigacker being of sound mind and body realize these wishes are not certified by an attorney but I am Hoping you will all "respect my wishes" and are aware of these things as we have spoken about these in the past. Since there has never been anything in writing Laura has transcribed my wishes for the future of the lands we all hold so dear and I hope that you will all keep the land in the family. As discussed with you before, below is outlined my wishes in addition to my will which is on file. I have not been coerced into any of these wishes and it is of my own free will that I make my wishes known.

1. Property lines as drawn on Essex County Real Property Tax Map labeled 1 (attached) with addition of designation of property set aside for future use by Julia Hough Daby, Sue Martin, and Doug Dreissigacker.

1a. Property labeled and outlined as 235s. on attached map shall be given to Julia Hough Daby.

2a. Property labeled and outlined as 525s. on attached map shall be given to Sue Martin.

3a. Property labeled and outlined as 100. on attached map shall be given to Doug Dreissigacker extending back to the property line as outlined to the beginning of the lot 660s.

2. Right of first refusal of any sales of land deeded from the original 37.5 acres, as stated in the will regarding sale of adjoining property, shall include all people included as property owners and new gifted property owners as above on the original parcel of land owned by John F. and Joan E. Dreissigacker (37.5 acres).

3. The property included in parcel number 660s. (20.7 Ac) which is the deeded land remaining in Joan E. Dreissigacker's possession, besides the parcels sectioned off and to be given to Julia, Sue, and Doug as indicated above shall remain communal property for the family, and walking/riding property for all property owners of the deeded land. If at some point the house and land are sold, preference to keep the walking trails as communal property is Joan's wish.

RE: Jurisdictional Determination J2022-0833
Tax Map Parcel: 16.3-1-79.002 and 16.3-1-54.001
Land Use Area: Rural Use
Town of Wilmington, Essex County

Dear John and Doug Dreissigacker:

Thank you for your Jurisdictional Inquiry Form, received by the Agency on August 31, 2022.

Agency review indicates that the proposed four-lot subdivision as bona-fide gifts as depicted on the plan received by the Agency on August 31, 2022, and described in the materials submitted, does not require a permit or variance from the Adirondack Park Agency.

Based on wetland maps available for Essex County, there do not appear to be any wetlands on the property. However, please remember that all activities within the Adirondack Park must comply with the Freshwater Wetlands Act, and updated field inspection by Agency staff is the only way to confirm the presence of any wetlands. If you have reason to believe that any wetlands could be affected by the proposal, you are encouraged to contact the Agency to arrange a site visit prior to undertaking the project. Additional information can be found on the Agency's website at www.apa.ny.gov.

Although your proposal does not require Agency approval, please help to prevent the spread of invasive species by ensuring all excavating tools, fill, and other equipment are thoroughly cleaned and that all fill is free of invasive species prior to use on-site. If any portion of the site contains invasives, all construction equipment and vehicles should be thoroughly cleaned prior to moving to other areas. If the proposal will involve any plantings, care should be taken to avoid the introduction of invasive species. Additional information on how to prevent the spread of invasive species in the Adirondack Park can be found at www.adkinvasives.com.

We recommend that you check with Town authorities to obtain all necessary approvals prior to commencing the project.

Please do not hesitate to contact the Agency with any questions.

Adirondack Park Agency

GIFT EXEMPTION

This is a supplement to the Citizen's Guide, which provides basic information about Adirondack Park Agency regulations.

Pursuant to Sections 809 and 810 of the Adirondack Park Agency Act, certain subdivisions of land within the Adirondack Park require a permit from the Agency. However, §811(1)(c) of the APA Act and §573.4(e) of Agency regulations establish an exemption from these permitting requirements for any subdivision undertaken in compliance with all of the following:

- The subdivision is by bona fide gift, devise, or inheritance, meaning there is no exchange of money, goods, services, or other consideration (and is not part of a common scheme or plan to convey to a party not entitled to an exemption);
- The giver is a natural person (human being or decedent's estate);
- The receiver does not have joint or any other ownership interest in the property;
- If the property does not contain the minimum lot size for the land use area as set forth in §810(2) of the APA Act (or contains less than 42.7 acres in Resource Management)¹:
 - The giver has continuously owned the land since May 22, 1973²,
 - The receiver is a spouse, parent, child, sibling, grandparent, or grandchild of the giver, and
 - There has been no prior subdivision exempted from Agency permitting under these provisions to the receiver of the lot from the same 1973 landholding;
- The property is not located on Low Intensity Use, Rural Use, or Resource Management lands within a designated Wild, Scenic, or Recreational river area as defined in Appendix Q-6 to Agency regulations; and
- The property does not contain wetlands and does not adjoin any other subdivision lot that contains wetlands, unless all of the lots being created as part of the same subdivision meet the standards set forth in §578.3(n)(3)(ii) of Agency regulations.

¹ These requirements may not apply to properties being gifted to the State of New York.

² Names may have been removed from the recorded deed for the lot since May 22, 1973, but no new names may have been added.

RE: The Estate of Joan Dreissigacker

INTERIM INVOICE

John and Doug:

The survey and subdivision have been completed, corner monuments recovered, witnessed, set and located and lines flagged for viewing.

Much record research was undertaken to understand the property history lacking an up-to-date abstract or title report.

Two maps have been drafted, one to show the whole of the existing estate and the second to show the subdivided parcels to satisfy the intentions and understandings of the Estate Settlement, the Adirondack Park Agency Non-Jurisdiction (NJ) determination, and for presentation to the Town of Wilmington Planning Board and subsequent recording in the Essex County Clerk and Real Property Tax Services.

Schedule A's, metes and bounds descriptions, have been drafted for the whole of the Estate and one each for the subdivided parcels which can be incorporated in new deeds or other instruments.

When we can be of further assistance, answer any questions or provide additional information, please give us a call.

Short Environmental Assessment Form Part 3 ***Determination of Significance***

For every question in Part 2 that was answered "moderate to large impact may occur," or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

- ☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
- ☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

SCHEDULE B

The following persons shall have a right of first refusal in the case of any proposed sale of the premises conveyed herein, or any portion thereof: John F. Dreissigacker, Philip H. Dreissigacker, Susan Dreissigacker Martin, Douglas J. Dreissigacker and Patricia Dreissigacker Gallagher. This right of first refusal shall operate as follows:

If the owner desires to sell said premises or portion thereof, and receives a bona fide offer to purchase, said owner shall send a notice of said offer, together with all of the terms and conditions thereof, via certified mail return receipt requested, to the aforesaid persons (using the last known addresses for said persons, or, if none is known, the address of Wilmington, New York, 12997), and said persons shall have 30 days after the mailing of said notice to inform the owner wishing to sell, in writing, whether said persons, or any of them, will exercise the right of first refusal and will purchase, at the same terms as offered by the bona fide offeror, the premises then proposed to be sold, which written statement shall be mailed to the owner wishing to sell via certified mail return receipt requested.

Any response by said persons other than a written certified mail response as aforesaid (including any failure to respond within 30 days of actual receipt of said notice) shall be conclusively deemed to be a decision by said persons not to exercise their right of first refusal, provided, however, that any decision to not exercise the right of first refusal will not constitute a waiver of such right of first refusal with respect to future sales.

This right of first refusal shall not apply to sales or gifts of the premises or portions thereof to any lineal descendants of the then grantor(s), with adopted children to be regarded as being in the line of descent as if placed there by birth, but shall apply to any sale or resale of the premises not falling within this exception.

In the case of any exercise of the right of first refusal, the party exercising said right shall make a 10% deposit within 15 days after said party's notice of intent to exercise the right of first refusal, which deposit shall be non-refundable, except if the party wishing to sell is not able to give good and marketable title, and said party will deliver the balance of the sales price, on the terms agreed to, and closing will occur, within 90 days after said notice of intent to exercise. If more than one party gives notice of intent to exercise the right of first refusal, then said parties shall either agree among themselves as to who will purchase, or will purchase as tenants-in-common.

The rights of first refusal set forth herein shall be null and void and no further effect on and after December 31, 2020.

Joan E. Dreissigacker Addendum to Last Will and Testament as dated 2016

I Joan E. Dreissigacker being of sound mind and body realize these wishes are not certified by an attorney but I am hoping you will all "respect my wishes" and are aware of these things as we have spoken about these in the past. Since there has never been anything in writing Laura has transcribed my wishes for the future of the lands we all hold so dear and I hope that you will all keep the land in the family. As discussed with you before, below is outlined my wishes in addition to my will which is on file. I have not been coerced into any of these wishes and it is of my own free will that I make my wishes known.

1. Property lines as drawn on Essex County Real Property Tax Map labeled 1 (attached) with addition of designation of property set aside for future use by Julia Hough Daby, Sue Martin, and Doug Dreissigacker.

1a. Property labeled and outlined as 235s. on attached map shall be given to Julia Hough Daby.

2a. Property labeled and outlined as 525s. on attached map shall be given to Sue Martin.

3a. Property labeled and outlined as 100. on attached map shall be given to Doug Dreissigacker extending back to the property line as outlined to the beginning of the lot 660s.

2. Right of first refusal of any sales of land deeded from the original 37.5 acres, as stated in the will regarding sale of adjoining property, shall include all people included as property owners and new gifted property owners as above on the original parcel of land owned by John F. and Joan E. Dreissigacker (37.5 acres).

3. The property included in parcel number 660s. (20.7 Ac) which is the deeded land remaining in Joan E. Dreissigacker's possession, besides the parcels sectioned off and to be given to Julia, Sue, and Doug as indicated above shall remain communal property for the family, and walking/riding property for all property owners of the deeded land. If at some point the house and land are sold, preference to keep the walking trails as communal property is Joan's wish.

RE: Jurisdictional Determination J2022-0833
Tax Map Parcel: 16.3-1-79.002 and 16.3-1-54.001
Land Use Area: Rural Use
Town of Wilmington, Essex County

Dear John and Doug Dreissigacker:

Thank you for your Jurisdictional Inquiry Form, received by the Agency on August 31, 2022.

Agency review indicates that the proposed four-lot subdivision as bona-fide gifts as depicted on the plan received by the Agency on August 31, 2022, and described in the materials submitted, does not require a permit or variance from the Adirondack Park Agency.

Based on wetland maps available for Essex County, there do not appear to be any wetlands on the property. However, please remember that all activities within the Adirondack Park must comply with the Freshwater Wetlands Act, and updated field inspection by Agency staff is the only way to confirm the presence of any wetlands. If you have reason to believe that any wetlands could be affected by the proposal, you are encouraged to contact the Agency to arrange a site visit prior to undertaking the project. Additional information can be found on the Agency's website at www.apa.ny.gov.

Although your proposal does not require Agency approval, please help to prevent the spread of invasive species by ensuring all excavating tools, fill, and other equipment are thoroughly cleaned and that all fill is free of invasive species prior to use on-site. If any portion of the site contains invasives, all construction equipment and vehicles should be thoroughly cleaned prior to moving to other areas. If the proposal will involve any plantings, care should be taken to avoid the introduction of invasive species. Additional information on how to prevent the spread of invasive species in the Adirondack Park can be found at www.adkinvasives.com.

We recommend that you check with Town authorities to obtain all necessary approvals prior to commencing the project.

Please do not hesitate to contact the Agency with any questions.

GIFT EXEMPTION

This is a supplement to the Citizen's Guide, which provides basic information about Adirondack Park Agency regulations.

Pursuant to Sections 809 and 810 of the Adirondack Park Agency Act, certain subdivisions of land within the Adirondack Park require a permit from the Agency. However, §811(1)(c) of the APA Act and §573.4(e) of Agency regulations establish an exemption from these permitting requirements for any subdivision undertaken in compliance with all of the following:

- The subdivision is by bona fide gift, devise, or inheritance, meaning there is no exchange of money, goods, services, or other consideration (and is not part of a common scheme or plan to convey to a party not entitled to an exemption);
- The giver is a natural person (human being or decedent's estate);
- The receiver does not have joint or any other ownership interest in the property;
- If the property does not contain the minimum lot size for the land use area as set forth in §810(2) of the APA Act (or contains less than 42.7 acres in Resource Management)¹:
 - The giver has continuously owned the land since May 22, 1973²,
 - The receiver is a spouse, parent, child, sibling, grandparent, or grandchild of the giver, and
 - There has been no prior subdivision exempted from Agency permitting under these provisions to the receiver of the lot from the same 1973 landholding;
- The property is not located on Low Intensity Use, Rural Use, or Resource Management lands within a designated Wild, Scenic, or Recreational river area as defined in Appendix Q-6 to Agency regulations; and
- The property does not contain wetlands and does not adjoin any other subdivision lot that contains wetlands, unless all of the lots being created as part of the same subdivision meet the standards set forth in §578.3(n)(3)(ii) of Agency regulations.

¹ These requirements may not apply to properties being gifted to the State of New York.

² Names may have been removed from the recorded deed for the lot since May 22, 1973, but no new names may have been added.

RE: The Estate of Joan Dreissigacker

INTERIM INVOICE

John and Doug:

The survey and subdivision have been completed, corner monuments recovered, witnessed, set and located and lines flagged for viewing.

Much record research was undertaken to understand the property history lacking an up-to-date abstract or title report.

Two maps have been drafted, one to show the whole of the existing estate and the second to show the subdivided parcels to satisfy the intentions and understandings of the Estate Settlement, the Adirondack Park Agency Non-Jurisdiction (NJ) determination, and for presentation to the Town of Wilmington Planning Board and subsequent recording in the Essex County Clerk and Real Property Tax Services.

Schedule A's, metes and bounds descriptions, have been drafted for the whole of the Estate and one each for the subdivided parcels which can be incorporated in new deeds or other instruments.

When we can be of further assistance, answer any questions or provide additional information, please give us a call.

Part 1 - Project Information

Instructions for Completing

Part 1 – Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 – Project and Sponsor Information			
Joan Dreissigacker Estate			
Name of Action or Project: Lot Line Adjustments / Correction 16.3-1-65.001 and 16.3-1-79.002			
Project Location (describe, and attach a location map): 259 Whiteface Memorial Highway			
Brief Description of Proposed Action: Please accept the enclosed applications requesting approval for lot line adjustments of our family-owned properties per our late Mother's wishes. Julia Hough Daby, Joan's grand-daughter is no longer seeking her own lot, and that property will now be included in Laura Hooker's property as indicated on the map as (235 (s) and by using a lot line adjustment instead of a subdivision. Laura Hooker's current property was originally gifted to Laura and Julia when they were young and then transferred to Laura solely for her to have her home on when Julia bought property in Lake Placid. This lot line adjustment is to ensure equity between the interested siblings (John/Doug/Patti/Sue) given the acreage between John F. Dreissigacker and the new lot line adjustment for Laura Hooker, this makes that whole. The lot line adjustment will follow the already surveyed points as indicated on the survey map for the "lot" downhill of Laura Hooker's current property. Enclosed is a document indicating her wishes that the changes to the property be made, as applied for.

Short Environmental Assessment Form Part 3 ***Determination of Significance***

For every question in Part 2 that was answered "moderate to large impact may occur," or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

☐	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
☐	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

The following persons shall have a right of first refusal in the case of any proposed sale of the premises conveyed herein, or any portion thereof: John F. Dreissigacker, Philip H. Dreissigacker, Susan Dreissigacker Martin, Douglas J. Dreissigacker and Patricia Dreissigacker Gallagher. This right of first refusal shall operate as follows:

If the owner desires to sell said premises or portion thereof, and receives a bona fide offer to purchase, said owner shall send a notice of said offer, together with all of the terms and conditions thereof, via certified mail return receipt requested, to the aforesaid persons (using the last known addresses for said persons, or, if none is known, the address of Wilmington, New York, 12997), and said persons shall have 30 days after the mailing of said notice to inform the owner wishing to sell, in writing, whether said persons, or any of them, will exercise the right of first refusal and will purchase, at the same terms as offered by the bona fide offeror, the premises then proposed to be sold, which written statement shall be mailed to the owner wishing to sell via certified mail return receipt requested.

Any response by said persons other than a written certified mail response as aforesaid (including any failure to respond within 30 days of actual receipt of said notice) shall be conclusively deemed to be a decision by said persons not to exercise their right of first refusal, provided, however, that any decision to not exercise the right of first refusal will not constitute a waiver of such right of first refusal with respect to future sales.

This right of first refusal shall not apply to sales or gifts of the premises or portions thereof to any lineal descendants of the then grantor(s), with adopted children to be regarded as being in the line of descent as if placed there by birth, but shall apply to any sale or resale of the premises not falling within this exception.

In the case of any exercise of the right of first refusal, the party exercising said right shall make a 10% deposit within 15 days after said party's notice of intent to exercise the right of first refusal, which deposit shall be non-refundable, except if the party wishing to sell is not able to give good and marketable title, and said party will deliver the balance of the sales price, on the terms agreed to, and closing will occur, within 90 days after said notice of intent to exercise. If more than one party gives notice of intent to exercise the right of first refusal, then said parties shall either agree among themselves as to who will purchase, or will purchase as tenants-in-common.

The rights of first refusal set forth herein shall be null and void and no further effect on and after December 31, 2020.

Together with the appurtenances and all the estate and rights of the parties of the first part in and to said premises,

To have and to hold the premises herein granted unto the party of the second part, her successors and assigns forever.

SCHEDULE A

ALL THAT TRACT OR PARCEL OF LAND in the Town of Wilmington,
Essex County, New York, being a part of Lot 13, Jay Tract, and
being bounded and described as shown on a sketch attached
hereto labelled "Schedule A, Page 2."

SCHEDULE B

The following persons shall have a right of first refusal in the case of any proposed sale of the premises conveyed herein, or any portion thereof: John F. Dreissigacker, Philip H. Dreissigacker, Susan Dreissigacker Martin, Douglas J. Dreissigacker and Patricia Dreissigacker Gallagher. This right of first refusal shall operate as follows:

If the owner desires to sell said premises or portion thereof, and receives a bona fide offer to purchase, said owner shall send a notice of said offer, together with all of the terms and conditions thereof, via certified mail return receipt requested, to the aforesaid persons (using the last known addresses for said persons, or, if none is known, the address of Wilmington, New York, 12997), and said persons shall have 30 days after the mailing of said notice to inform the owner wishing to sell, in writing, whether said persons, or any of them, will exercise the right of first refusal and will purchase, at the same terms as offered by the bona fide offeror, the premises then proposed to be sold, which written statement shall be mailed to the owner wishing to sell via certified mail return receipt requested.

Any response by said persons other than a written certified mail response as aforesaid (including any failure to respond within 30 days of actual receipt of said notice) shall be conclusively deemed to be a decision by said persons not to exercise their right of first refusal, provided, however, that any decision to not exercise the right of first refusal will not constitute a waiver of such right of first refusal with respect to future sales.

This right of first refusal shall not apply to sales or gifts of the premises or portions thereof to any lineal descendants of the then grantor(s), with adopted children to be regarded as being in the line of descent as if placed there by birth, but shall apply to any sale or resale of the premises not falling within this exception.

In the case of any exercise of the right of first refusal, the party exercising said right shall make a 10% deposit within 15 days after said party's notice of intent to exercise the right of first refusal, which deposit shall be non-refundable, except if the party wishing to sell is not able to give good and marketable title, and said party will deliver the balance of the sales price, on the terms agreed to, and closing will occur, within 90 days after said notice of intent to exercise. If more than one party gives notice of intent to exercise the right of first refusal, then said parties shall either agree among themselves as to who will purchase, or will purchase as tenants-in-common.

The rights of first refusal set forth herein shall be null and void and no further effect on and after December 31, 2020.
